

# ***HOW ARE YOU MAKING A DIFFERENCE***

## ***MEET AMON***

Geraldton, Western Australia

In 2022, Amon enjoyed his first sleep away from home or hospital for Kidney Health Australia's Kidney Kids Camp in Brisbane.

Amon's medical condition has made it challenging for him to stay overnight even at his grandparents' place, as they are not equipped to provide the necessary care in case of an emergency.

He has spent most of his life in and out of hospital with endless blood tests and ultrasounds. He is a social kid, but with stunted growth and development, he is often cast aside and unable to participate in activities with kids his age.

Kidney Kids Camp proved to be a turning point for Amon. He was thrilled to make new friends, especially with children who were on a similar journey. The camp provided a safe and supportive environment for young people with kidney disease to connect with others going through the same challenges.

Thanks to your support, the Kidney Kar Rally can continue to fund activities like the Kidney Kids Camp and state-based Es-Capers events.
