

Use this template as a guide to ask for sponsors and donations

Hi [name],

I am participating in one of Australia's longest-running charity car rallies, Kidney Health Australia's Kidney Kar Rally. In September 2025 my team (team name), along with dozens of other teams will be travelling across New South Wales from Bathurst to Dubbo via Port Macquarie to raise awareness and vital funds to support Kidney Health Australia's Kidney Health 4 Youth program.

This iconic off-roading event has been running for the past 35 years and has raised over \$xx Million to support children and young people living with kidney disease.

This year my team have set ourselves a target to raise [insert amount]. So, we are asking for your support to help us achieve our goal and go the extra mile for kids with kidney disease.

You can find out more information about the Rally and our Team on the Official Kidney Kar Rally website: kidneykarrally.org.au

Every donation, big or small, makes a difference. So, if you can donate today to help us leave kids kidney disease in the dust.
